

Exploring Sustainable Port Development from the Perspective of Guangzhou Port

Xu Hongyu
Deputy Director-General
Guangzhou Port Authority

Ancient Port

The only overlasting port for more than 2000 years in maritime history

1300 years ago, Canton Seaward Path was called Maritime Silk Road.

The largest port in China during Dynasties of Tang, Song, Ming and Qing.

World-class Port

- more than 100 countries
- more than 400 ports
- more than 200 liner services
- 50 int' l sister-ports
- ranking No.5 in the world

Why can Guangzhou Port achieve sustainable development?

01

Advantageous Location

02

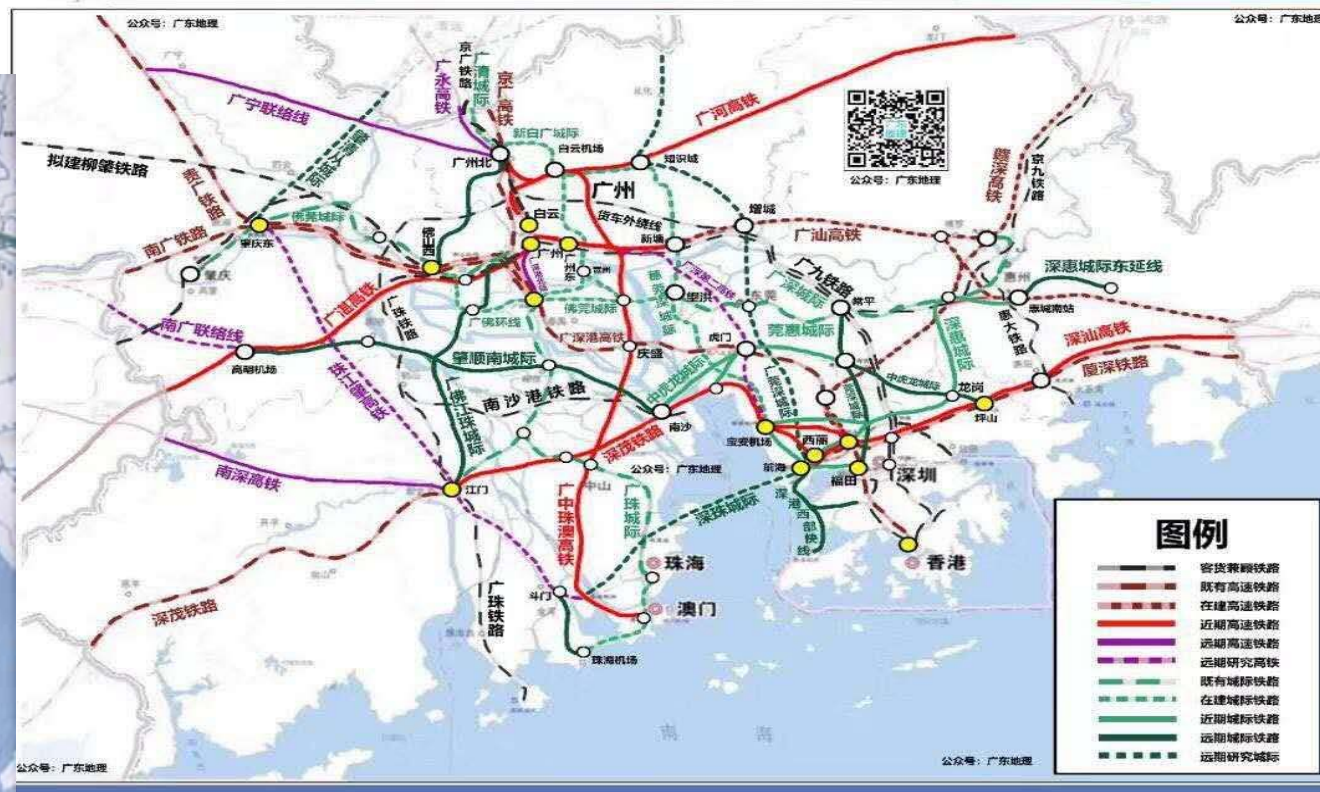

Centuries-old History of Opening-up

04 Excellent Collection & Distribution System
